Domenici Center

*The gathering place
for the Health
Sciences Center*

Medical Leadership Academy Class in Domenici Center, west building, room 3010 (By Eliot Knight)

The Health Sciences Library and Informatics Center (HSLIC) manages the Domenici Center for Health Sciences Education. We schedule space and help faculty use the technology.

About the Center

The Domenici Center complex contains more than 100,000 square feet designed for a variety of Health Sciences Center (HSC) student and administrative uses. Student education is the first priority for the building.

Plenty of areas are also available for relaxing and studying, including the student lounge located east of the auditorium, balconies and patios throughout the building, the outdoor seating area and Canyon Garden.

Phase III Coming Soon

In June 2015, New Mexico Gov. Susana Martinez signed a capital outlay bill that provides funding for construction of Phase III. This final phase will add 65,000 square feet of large classrooms for active learning, laboratories, simulation and student study space to support the Colleges of Nursing and Pharmacy and the School of Medicine. It is scheduled to be completed in 2017.

Amenities

East building:

- 299-seat auditorium
- 24/7 student lounge

West building:

- Lobby seating
- Mothers' lounge (lactation room)
- Administrative meeting space
- Medical-Legal Bookstore
- Espresso Café
- Gym and food court (*coming soon*)

Northeast building:

- 28,000-sq-ft Interprofessional Healthcare Simulation Center (IHSC)
- Leonard M. Napolitano Ph.D. Anatomical Education Center
- 58-seat classroom

Technology

All classrooms are equipped with state-of-the-art technology, some with lecture capture. Digital signs in the foyers display complete room schedules.

Building Hours

The Domenici Center complex is open Monday through Friday from 6 a.m. to 6 p.m. To arrange after-hours access in advance, send your email request to HSC-HSLICReservations@salud.unm.edu. With their HSC or UNM ID badges, students have 24-hour access to the student lounge in the east building and to seminar rooms in the northeast building.

Exhibits

HSLIC curates and displays health-related exhibits in the Domenici Center's west lobby and in the auditorium. Accompanying receptions and lectures are also hosted in the facility. Past exhibits have included "100 Years: Celebrating New Mexico's Health" and "The Lives They Left Behind: Suitcases from a State Hospital Attic."

A Brief History

The Domenici Center was constructed through the generous support of New Mexico taxpayers and federal funding. Phase I was completed in 2007, and Phase II opened in 2010. The center was named in recognition of Sen. Pete Domenici's extraordinary contribution to education and health care in New Mexico. His efforts in the U.S. Senate made Phase I possible.
