

RE-VERIFY YOUR UPTODATE ACCOUNT

Every 30 days, UpToDate requires that you “re-verify” your account. To create an account, go [here](#).

To re-verify, simply log in to your UpToDate account through a web browser either on campus or through library or citrix off-campus access. More details are below.

1. If your account lapses you will see an alert on your mobile device. See iOS example below.

2. On-Campus Re-verification

- a. While on the HSC campus or in UNMH, go to uptodate.com/login
- b. Enter the username and password you previously created and click login
- c. You will now be able to continue to use the mobile app and receive CME credit

3. Off-Campus Re-Verification through the Health Sciences Library and Informatics Center

- a. Point your web browser to hslic.unm.edu
- b. Click the UpToDate tab in the search box in the middle of the homepage
- c. Click the UpToDate link to go to uptodate.com. You will be asked to authenticate with your HSC NetID and password (same credentials as your salud email)
- d. After successful authentication you will land on the UpToDate homepage and can log in

UNM / HSC NetID

Password

[Account Help](#)

Sign In

4. Off-Campus Re-Verification through Citrix

- a. Log in at <https://receiver.health.unm.edu>
- b. Double Click the UpToDate icon at the bottom of the menu
- c. Once UTD opens, click login/register in the upper right corner and enter your credentials

Please contact Jake Nash, Resource Management Librarian, with any questions.
